Trash to Electricity - Coffin Butte Landfill Gas Plant

OCEC is a member of Pacific Northwest Generation and Transmission Cooperative (PNGC) which along with BPA, serves our power needs. PNGC owns a generation plant called Coffin Butte Landfill Gas Project at a landfill near Corvallis, Oregon that turns methane gas produced by the landfill into enough electricity to power 4000 houses. This resource exemplifies PNGC's and OCEC's commitment to responsible and cost-effective renewables. Coffin Butte produces energy about 95% of the time, making it one of the most reliable renewable resources available.

Below is a schematic of how the plant works.

One of the gas engines and electric generators at the Coffin Butte Project

OCEC Board of Directors:

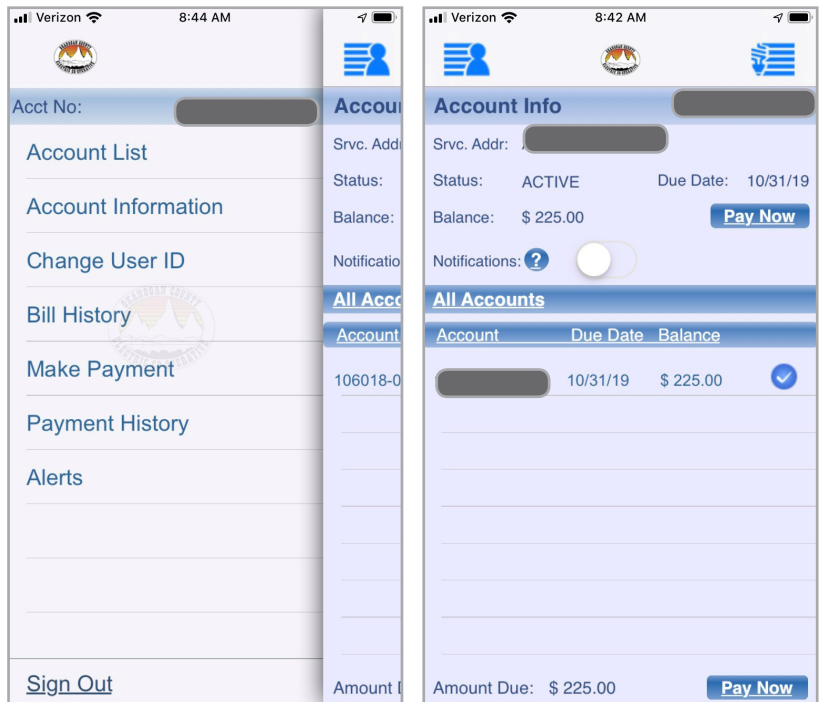

Sara Carlberg (scarlberg@ocec.coop) | John Kirner (jkirner@ocec.coop) | Michael Murray (mmurray@ocec.coop)
Ray Peterson (rpeterson@ocec.coop) | Dale Sekijima (dsekijima@ocec.coop) | Alan Watson (awatson@ocec.coop)

OCEC Board Opening

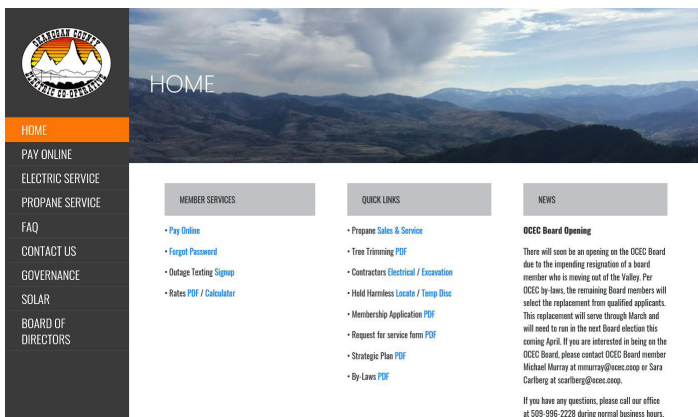

OCEC has an opening on the Board of Directors due to a recent resignation. Per OCEC by-laws, the remaining Board members will select the replacement from qualified applicants. This replacement will serve through March and will run in the Board election in April 2020. If you are interested in being on the OCEC Board, please contact OCEC Board member Michael Murray at mmurray@ocec.coop or Sara Carlberg at scarlberg@ocec.coop. The deadline is November 15th.

New OCEC Mobile App

The OCEC Mobile app is now available in the Apple App Store and Google Play store. With the OCEC Mobile app members can view and pay bills, update payment methods and view account history.

OCEC Website

OCEC's website recently got a facelift. With our updated site you'll be able to find what you're looking for with a simpler and cleaner design. Pay and view your bills online, sign-up for outage text alerts, view policies and much more. Go to www.ocec.coop to check it out!!
