

OCEC Needs Your Help!

We need you to help clear the brush & grasses from around your transformers and poles

If you are unable to safely clear around your transformer or have questions you can send photos to info@ocec.coop, this email will be checked during business hours.

Do not clear tree limbs that are touching power lines, report them to OCEC and linecrews will safely remove those.

Thank you for helping us to safely keep the power on!

Okanogan County Electric Cooperative (509) 996-2228 -- info@ocec.coop
